**To: Assembly Environmental Safety and Toxic Materials Committee**

The Board of Directors of the Santa Susana Mountain Park Association **Opposes SB633**, as introduced by Senator Henry Stern.

Please Slow Down!

Please do not push this hastily cobbled legislation through the process without allowing reasonable time for responsible analysis and debate.

The bill, as it reads, would make a substantial change in the handling of contamination cleanups by allowing DTSC to consider traditional institutional controls, or ignore them, as it sees fit,

SSMPA urges you to **slow down the process** and resist enacting unintended consequences in California's long-established body of property law.

Sincerely,

Tom Nachtrab

President, Santa Susana Mountain Park Association
